

The best way families can travel around Costa Rica is with our unique one of a kind service. We call it:

GUIDE-DRIVER-CAPTIAN-HOST SERVICE

Let me explain each part of the name:

GUIDE is a certified professional that studied everything about Costa Rica. The curriculum includes plants, animals, insects, birds, geography, climate, culture, places of interest, everything about national parks... Its a complete professional who will show you around the country. And he will not only be available for guided visits. You will have the opportunity to take advantage of his knowledge during the whole trip. While moving from one place to the other or at the moments you did not arrange an activity and you are willing to go out and

discover something out of your package, The important factor is that he will also be your **DRIVER** which means he is a professional driver that knows all the strategic stops, you will be able to see and be part of unique non touristic locations, people, experiences... All of those attractions you will miss if you did not had this service.

This element in your journey will also give you flexibility. Because anytime you are at leisure with no activities prepaid or coordinated you will have this service to decide on site if you want to go out, see other things, visit other natural parks, go out for meals... Anything you need, he is there to make it happen.

If you are wondering. Am I paying more for this? Am I paying full rates at hotels and meals? The answer is yes and no. Yes there is a service charge included on your package that includes accommodation and meals for this person. But **NO** because its a special service charge we have coordinated just for this unique service. So even if he is staying at the same hotel you are, his room has a special rate. Its a relationship between us and our suppliers. So we can give this service.

Now the word **CAPTAIN**.

This is a way of traveling. Its traveling with a purpose. And the purpose is that the whole family will bond, unite, have fun and learn a lot. The captain will be in charge of this. He will be part of the journey where kids will have to answer riddles, find treasures, while parents take the best memory picture of each day. The captain will lead the way through the game. And at the end of the trip the family will deliver the loot to win a Treasure to take home.

HOST. He will not only be your guide, your driver and your captain. He will be available for those moments where parents want to rest and kids want to play. Its not always easy to travel as a family. Sometimes you feel you return tired from your vacations. Well our idea is that with your HOST that will not happen because he will give you the chance to rest, to just sit down and watch your kids play or go to a spa treatment while he takes care of your kids or just go out for a romantic dinner and your host goes out to a fun dinner with the kids. The idea is that you will all have times together but we also know that couple time is also important.

The balance between them makes it a happy guaranteed trip for everyone.

And that is our goal.

This is a full service you will have during the whole trip.

Stop worrying and let it happen.

Costa Rica is PURA VIDA!!! The best family destination ever.
